Salute to expand its European operations with the strategic acquisition of Keysource Group

[London] – 27 January 2025 – Salute, a global leader in integrated lifecycle data centre services, is delighted to announce the signing of a definitive agreement to acquire Keysource Group (“Keysource”), a trusted provider of sustainable data centre solutions and strategic advisory services in the EMEA region for over 40 years. The proposed acquisition is subject to regulatory approval.

Upon closing of the transaction, Salute’s EMEA presence will expand to a workforce of more than 500 talented professionals, including 130 new Keysource employees.
